

REVIT/ BIM Technician

Southern Green Ltd is looking to recruit a REVIT Technician/ Design Technology candidate to join our award winning team in Gateshead. We are interested to hear from highly motivated and enthusiastic applicants who have a passion for delivering excellence in design and projects, as well as an appetite for learning and developing skills.

Successful candidates will be involved in all stages of the design process and will not just be expected to work as a technician - we specialise in urban regeneration, historic landscape restoration, healthcare, play, landscape and visual assessment and master-planning. Tasks include preparation of digital visualisations and illustrations, report figures, landscape design proposals, planning applications, presentations and design competitions. Recent jobs undertaken include Oxhey Activity Park - winner at the 2021 Landscape Institute Awards, Summer in the City for NE1, Bigg Market, Harwoods Adventurous Play and Seaton Delaval Hall.

The office is situated just 5 minutes from the Tyne Bridge and Quayside of Newcastle and Gateshead, with great transport links to the city. Since returning to work post Covid, various improvements to the office have been made, and these improvements and adjustments continue to benefit our staff. All of our staff are sociable and partial to a slice of cake and/or pizza as part of our regular 'team treats'. We also regularly take the opportunity during breaks for a staff game of tennis or more recently Ultimate Frisbee in Saltwell Park, which is only a couple of hundred yards from the office.

We absolutely love to get our hands dirty, and the opportunity to get experience at grass roots level is something we actively encourage – meaning this is not your average office job! Look out on Instagram and our website for blogs and what the team have been up to, at work and at home.

Minimum requirements:

- REVIT/BIM experience
- Expert level in AutoCAD/Keyscape, as well as experience of 3D and visual rendering software
- Excellent graphic skills in Photoshop/Indesign/Illustrator
- Proficient in Microsoft Office
- Ideally some interest in design and technology for example GCSE/ 'A' Level in Design Technology, Computer Science, IT etc.
- Enthusiastic and proactive person, willing to 'have a go' and learn new skills
- Good team player and well organised, with attention to accuracy and detail
- Relevant permits for working in the UK

Standard working hours are 9am-5pm Mon to Fri, with flexible working arrangements available on approval. Competitive salaries, 25 days annual leave, contributory pension and Cycle to Work Scheme are some of the benefits available. Southern Green is an equal opportunities employer and is a non-smoking office.

Salary – commensurate with experience

Contact is always preferred directly, please email a CV along with examples of your work/ a covering letter to us at:
