

18th Century Farmhouse Garden @Vue3sixty Ltd

Autumn Newsletter 2024

Annual CPD Trip

The SG Team embarked on our [annual CPD trip](#) a couple of weeks ago around two of our recently concluded award winning sites, [Belsay Hall, Castle and Gardens](#) and [Blackfriars](#). We totally lucked out with the weather, it was an absolutely glorious day to be out and about and away from our desks. There's nothing quite like getting out into the fresh air for a bit of team building.

Find out more [here](#).

We're Growing!

We are delighted to have two new members of the team join us since our last newsletter.

Ben, who joins us as an Assistant Landscape Architect completed a Master's of Science and BA in Social and Political Science before deciding to embark on a career in Landscape Architecture. Whilst Pedram, who joins us as a Revit Technician studied a Masters in Sustainable Architecture and Landscape Design in Italy.

Both Ben and Pedram have had an interesting journey into the field of Landscape Architecture. We look forward to learning more about Ben, and supporting him grow and develop his passion for Landscape Architecture, and are excited for Pedram to share his knowledge and Revit expertise with the rest of the team. We are so lucky to have a team with such diverse backgrounds!

The Keepers Golf Clubhouse

Following on from the detailed planting proposals for the [gardens around Matfen Hall](#), Southern Green has continued work at The Keepers Golf Clubhouse which is nearing the finish line, with the trees and planting recently arriving on site.

The new planting is adding a burst of autumnal colour to this breathtaking estate!

Find out more [here](#).

South Blockhouse

We are delighted to see this fantastic scheme go into [planning](#). The transformation of South Blockhouse in Hull celebrates the site's maritime heritage, and aims to connect Hull's residents and visitors with a fascinating part of the city's history.

We look forward to sharing further updates on this project.

Staff Wellbeing

At Southern Green, we continue to focus on the wellbeing of our staff and encourage regular breaks and lunchtime walks to Saltwell Park. We also have fortnightly [Team Treats](#), generously paid for by our Directors, which encourage team building and create opportunities for conversations during lunch times.

We also can't forget [Toby](#), who is consistently dedicated to his dual role as office therapy dog and crumb Hoover-up-er!

18th Century Farmhouse Garden

We were delighted to be commissioned to develop proposals from concept to implementation for this 18th century farmhouse garden in County Durham. A series of terraced garden spaces were designed to take advantage of the topography, so that the garden became an extension to the house.

We are grateful to our wonderful clients for this opportunity - read more about this project [here](#).

If you would like to know more about our stories - please [visit our website](#) or [give us a call](#).
